[Education]

Post Graduation degree, Digital Technologies for Management

Lisbon School of Economics and Management | 2022 - 2023

Lisbon, Portugal

Bachelor's degree, Computer Science

Universidade Veiga de Almeida | 2015 - 2020

Rio de Janeiro, Brazil

[About me]

I'm a senior software engineer with a passion for technology and digital products. I first discovered my love for development while playing around with HTML and CSS when I was 16yo. I am dedicated to continuously improving my development skills, and am committed to producing high-quality, efficient and user-centric digital products. I take pride in my ability to understand business objectives and translate them into a seamless and intuitive user experience.

[Skills]

Languages

Javascript (6 years)
Typescript (3 years)
PHP (5 years)

Front-end

ReactJS (6 years)
NextJS (4 years)

Back-end

NodeJS (5 years)
Laravel (2 years)

Databases

PostgreSQL (7 years)
MySQL (5 years)
MongoDB/DynamoDB (4 years)

Cloud

AWS (3 years)
Firebase (4 years)

Tests

Jest (4 years)
PHPUnit (5 years)
